

## Activities in Indonesia as JICA Partnership Program

Kawasaki City Waterworks and Sewerage Bureau is currently implementing technical cooperation projects with the Indonesian cities of Bandung (sewerage) and Makassar (waterworks) utilizing the JICA Partnership Program.

The following is an introduction to the activities of KaWaBiz NET members who wished to participate in these projects, taking place on August 27-28, 2024, in Bandung and January 20-22, 2025, in Makassar. Activities included conducting PR for products and technology during staff training sessions, discussions with local organizations and companies, and site visits of waterworks and sewerage facilities to create further business opportunities.

KaWaBiz NET will continue to function as a public-private networking platform that strives to enhance the international water environment through achievements in the water business.

Meeting with officials from relevant local organizations

Meeting with officials from relevant local organizations
